EU Declaration of Conformity for transport packaging used for wood products from Rold Skov Savværk A/S

1. This EU Declaration of Conformity is issued under the sole responsibility of the manufacturer

This Declaration of Conformity is issued in accordance with the Packaging and Packaging Waste Regulation, 2025/40 (PPWR).

2. Packaging covered by the declaration

All wood and wood packages supplied by Rold Skov Savværk, where Rold Skov Savværk is stated as producer and sender, are covered by this declaration and comply with the requirements and provisions of the Packaging and Packaging Waste Regulation 2025/40 (PPWR).

The contents and dimensions of the goods are stated on the invoice and delivery note. Additional specifications can be provided upon request.

3. The packaging may contain the following components

Component	Material	Supplier	Recyclability
Wooden bearers	Untreated spruce	Own production	Can be fully recycled or chipped and used for new wood products or for energy.
Plastic wrapping	Black and white plastic film	T Emballage AB, Sweden	Produced from 87% recycled plastic and therefore not suitable for further recycling.
Polyester strapping	Polyethylene terephthalate	Manupac Scandinavia ApS	Made from a minimum of 97.5% recycled material and can be recycled as raw material.
Steel strapping	Steel	Manupac Scandinavia ApS	Can be recycled as raw material.

4. Application

Transport packaging for delivery of wood products to business customers.
